Welcome to The Cycle Factory Store - Come and save money with us - we guarantee it

The Cycle Factory Store is the first cycle shop in South Africa to offer bicycles, accessories and cycle clothing in a factory store environment. By not having a mall or shopping centre location, we are able to keep our overheads at a minimum and this means that we can offer a vast selection of top brands at low prices.

Too far away to visit us? We will ship nationwide at fantastic prices.

What we offer:

- Full range of most brands at the best prices in town
- We always do our best to sell below our competitors
- Tremendous savings on ex demo and end of range bicycles
- Free first check up and free first service on any cycle purchased

Come And Save Money With Us - We Guarantee It!
